Bargaining Bulletin #29

Thursday April 2, 2009

This message is to clarify any confusion that may be out there about the Company report dated April 1. The report read "Proposals including wages, health care and pension have now been passed at all six regional bargaining tables." In reference to "PASSED" in their message it simply means the proposals were passed across the table. Unfortunately we remain miles apart and haven't been able to reach an agreement on these items. The CWA bargaining committee remains ready to meet for discussion on any of these topics. Any all factual information regarding bargaining will be in our reports.
