

CWA District 9/AT&T West

Bargaining Bulletin #50

Thursday, April 30, 2009

We met in the subcommittee on Job Security/Force adjustment and discussed force balancing, term employees, Premises Techs and ST/MST issues. We spent much of our time working on our Healthcare proposal with the CWA Research Department. We are still missing necessary data that we have requested from the company which is essential for us to complete our proposal. There will be no formal session scheduled until we have the necessary data.

Your Strike Standby efforts are what make the difference. We're seeing the company react to your mobilization activities and demonstrations.

You have the power!
