Bargaining Bulletin #67

Monday, June 22, 2009

Our committee spent the weekend in caucus, both reviewing issues and developing bargaining proposals that will move us forward. Meetings of the full committee have taken place today and will continue tomorrow to discuss the entire range of unresolved issues.

We have reached a critical stage in this bargaining and continue pressing the company to move on the important outstanding issues. We remain ready and willing to work round the clock, if necessary, in order to reach an agreement that is fair to our members.

Remember, all of the company's regressive issues are still on the table. Please check with your local mobilizers for upcoming activities. Participation in these activities is imperative for **you** to get a fair and just contract. We will issue bulletins as events warrant.
